Remains all Day in Private Apartments

CANNON FAILS TO SEE HIM

The Speaker Calls Merely to "Pay His Respects"—Post Office Department Suggests Early Mail for Christmas.

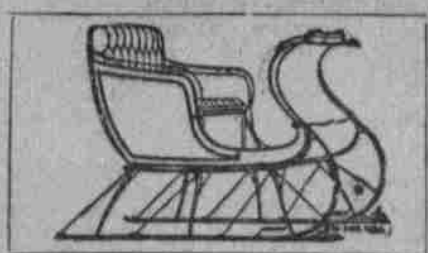

Washington, Dec. 2.—President Taft yesterday devoted the entire day in working on his first annual message to Congress. He remained in his private apartments at the executive mansion and did not go to his office during the usual working hours. He denied himself to all visitors and even Speaker Cannon, who came to the White House to "pay his respects" to the president, as he said all good Americans should always do, upon finding that Mr. Taft was not at the executive offices made no effort to see him.

Moves Against Foreign Lotteries.
A crusade against the circulation of lottery advertisements and literature through the United States mails has been carried by Postmaster General Hitchcock to foreign countries. He issued an order yesterday, on the report of the inspectors, depriving J. C. Howell and P. Warman, both of Copenhagen, Denmark, of further use of the mails. It was alleged by the inspectors that the men had been soliciting remittances for tickets in the Great State and Colonial lottery.

Sent Christmas Mail Early.
The post office department, in an official circular, is urging that people who contemplate the mailing of Christmas packages, for delivery in rural communities, post them as early as possible in order to avoid congestion and consequent delay at post offices supplying carriers on rural routes. Fourth Assistant Postmaster De Graw, having supervision of rural routes, suggests the advisability of marking packages containing presents, "not to be opened until Christmas day," and sending them several days in advance. One delivery will be made on all rural routes on Christmas.

Tariff Board Going to Chicago.
To acquaint themselves with live stock conditions bearing on the trade relations between United States and other countries, the tariff board will attend in a body the international livestock exposition in Chicago, this week. Chairman Emery and former Assistant Secretary of the Treasury Reynolds, a member of the board, left yesterday for Chicago, where they will join Alvin H. Sanders, the other member, who is president of the exposition.

We produce in Hood's Sarsaparilla a medicine that has an unparalleled record of cures of Scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, that tired feeling, loss of appetite, etc.

The combination and proportions of the more than twenty different remedial agents contained in Hood's Sarsaparilla are known only to ourselves, so there can be no substitute.

This medicine makes healthy and strong the "Little Soldiers" in your blood—those corpuscles that fight the disease germs constantly attacking you.

when appealed to by Representative Benjamin K. Focht of Pennsylvania for a recommendation in his message to Congress for legislation further restricting the sale of oleomargarine. Mr. Focht delivered to the president a large bundle of petitions for such legislation. Petitions of the same sort are coming to the White House from various agricultural sections of the United States.

President Taft made Pennsylvania avenue his promenade Tuesday night, mingling with the many people passing. The electric lights brought the president conspicuously into view. Several times as he was recognized he tipped his hat in response to salutations. The president was accompanied by Captain Butt, his military aide, and two secret service men followed a short distance in the rear.

A Record in Distribution of Fish.
A record was established by the fish commission in the distribution of fish and fish eggs for propagation and hatchling purposes during the fiscal year 1909, when the output aggregated the vast total of 3,117,131. This is 240,000 more fish and eggs than were distributed during the previous year.

NO ARMY AND NAVY LOBBY.

Gag Order Is Promulgated by the President.

Washington, Dec. 2.—A gag order affecting the furnishing of information to any committee of the House or Senate or any member of Congress, except as authorized by the heads of departments, has been promulgated by the president. The order is directed at bureau officers or division chiefs and officers of the army, navy and marine corps stationed in Washington. Prohibition is also made against any such officer applying to either house of Congress, or to any committee, or any member of Congress for legislation or appropriations or for congressional action of any kind except through or as authorized by the heads of their respective departments. In explanation, it was stated at the executive offices that the order had for its object the centralization of authority in the heads of departments.

INTERMARRIAGE SCORED.

Orthodox Jews Declare It to Be Religious Suicide.

New York, Dec. 2.—The recent conference of American rabbis in this city delved into matters beyond its authority, according to a statement issued here Tuesday night by the executive committee of the Union of Orthodox Jewish Congregations of the United States and Canada. The committee held a meeting at the home of Rev. Dr. H. P. Mendes, the chairman, and afterward issued a statement, repudiating the authority of the conference and censuring the participants for deliberating concerning "matters affecting Judaism as a whole." The statement says, among other things: "We regret that the vote of the recent conference against intermarriage was so feeble and so inadequately worded as to be almost equivocal. Intermarriage is religious suicide."

SEARCH FOR ITO'S MURDERERS.

There Are Rumors That They Are Now in Chicago.

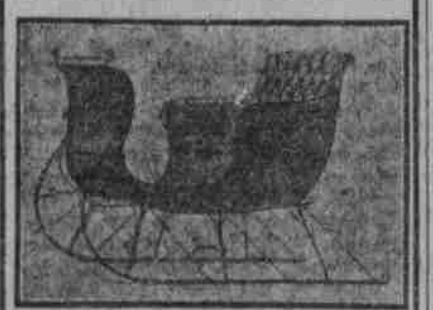

Chicago, Dec. 2.—Search for Koreans believed to have been implicated in the murder of Prince Ito of Japan at Harbin last October is being made in this city. The police received information that wealthy Koreans suspected of complicity in the murder have fled to Chicago. They are supposed to have been the organizers of the plot against Prince Ito and to have financed it.

MADE IT A LIFE STUDY

Dr. J. S. Leonhardt Found the Cause and Cure of Piles.

Dr. J. S. Leonhardt, the celebrated specialist of Lincoln, Neb., proved, after years of study, that the cause of piles is internal bad circulation. Then he perfected Hem-Roid, an internal remedy, and in 1,000 different cases it cured 98 per cent. By Dr. Leonhardt's order, Hem-Roid is sold under an iron-clad guarantee. If it fails, the money is paid back.

STRIKE TIES UP NORTHWEST

2,300 Switchmen Demand Higher Wages

AFFECTS GREAT TERRITORY

Men Walk Out in All Yards from St. Paul to Coast—65,000 People Affected—St. Cloud Granite Works Closed Down.

St. Paul, Minn., Dec. 2.—The strike of the switchmen on the northern transcontinental lines between St. Paul and the Pacific coast has already involved 65,000 people directly and indirectly, and before the strike is adjusted, it is believed that 150,000 persons will be affected. Not a wheel is turning on any freight train between St. Paul and Seattle. In Minneapolis, three of the big flour mills closed down yesterday, for the reason that they could not receive grain nor ship flour. At St. Cloud, Minn., the Great Northern closed its shops, putting 500 men in idleness, while at Superior, Wisconsin, the Great Northern closed down its shops and docks, crowding out 350 men.

At St. Cloud in the granite works, 500 men were thrown out of employment because of the uncertainty of the future, and from St. Cloud, Wilmar, Fargo, Grand Forks, Jamestown, Devil's Lake, Minot, Billings, Livingston, Butte and Helena, 185 engine crews were called off. The switchmen have allowed perishable freight to be attached to passenger trains and taken to terminal stations, but this only applies to the next twelve hours. This situation is practically the same clear to the coast.

The chief of the Brotherhood of Locomotive Firemen yesterday advised the general managers of all the Western railroads that, if any attempt is made to replace the striking switchmen by non-union men, he will call a strike. Milling and manufacturing industries are hourly being suspended, and the loss in money runs into the hundreds of thousands of dollars every 24 hours. This is the most far-reaching and disastrous strike that has occurred in the West, and the determination on both sides to fight to a finish promises to prolong the struggle for weeks.

All evertures to the striking switchmen have been unavailing, and public sympathy is with them. Telegrams from the northern Minnesota iron range towns last night, which include a population of more than 175,000, say that if the strike continues for a week there will be a food famine in all of the towns.

NEW HOTEL FOR ST. JOHNSBURY.

Project for \$100,000 Hostelry Now Being Considered.

St. Johnsbury, Dec. 2.—It will soon be determined whether the rumors of a new hotel in this village are to be simply a matter of talk or whether the village will have a thoroughly modern, up-to-date hotel here, costing \$100,000 or more. While the men most closely identified with the project are not ready to make any public announcement of plans, yet it can be said that they know the terms on which the property belonging to the St. Johnsbury academy, located on Main street between the courthouse and the South church, can be secured as a site for the proposed hotel. The academy authorities have secured the terms on which it can secure property on the other side of the street for its use, in case it sells the property it now holds for a hotel.

It can be further stated that certain capitalists situated at St. Johnsbury are ready to invest money in the establishment of a new hotel here, if the people of the place are interested enough in the project to help support it. When the project is ready, they will give St. Johnsbury people an opportunity to subscribe for \$50,000 of stock in the new hotel company.

RAILROAD FIGHTING IT.

Petition for Improved Service Between Newport and Lyndonville.

Newport, Dec. 2.—The work before the public service commission yesterday consisted of a continuance of the hearing for additional train service between Newport and Lyndonville. The petition is being fought by Young & Young for the Boston & Maine, and the people are represented by Frank E. Miles. The case will probably occupy all the time to-day in order to finish the testimony.

The hearing, which was set for the New England and Passumpsic Telephone company, was continued until the 18th, to allow Mr. Dunnet, who has court cases in Caledonia county, to conduct his business. The state's attorney of Orleans county asked the commission to order the New England and Passumpsic Telephone company to produce all books and papers relating to the raise in rates and also all correspondence as to the formation of the Passumpsic Telephone company by the New England. This request was granted and an order will be issued to that effect.

STRANGE SITUATION.

Only One Divorce Suit to Be Tried in Addison County.

Middlebury, Dec. 2.—The Addison county docket for the December term has just been published and sent out to the various attorneys interested in cases in this county. Curious to relate, the docket contains but one divorce case, while 17 criminal actions, 21 chancery cases and 13 jury trials are scheduled to be tried at the December term of that tribunal. This docket is the first that has been published under the new rules promulgated by the superior judges of this state and according to the requirements, the various cases are placed together under separate captions. Nine court cases are to be brought before the court.

\$540,000,000 IN WHITE SLAVERY.

This Vast Sum Declared to Be Represented in Trade in This Country.

Chicago, Dec. 2.—"At \$1,800 a head, the average price of negro girls, the auction block fifty years ago, the 300,000 'white slaves' in the United States today represent an investment of \$540,000,000. Each year 67,000, or \$120,000,000 worth of these women are sacrificed in the highly financed districts of vice throughout this country, and an equal number of recruits are procured each year to take the places of those who have worn themselves out in sin. Of this vast army of unfortunate women, whose march from the home to the orgue or the insane asylum by the vice route has been shown by statistics to average but five miserable years, Chicago to-day contributes 37,000."

In these words, Dr. Jean T. Zimmerman, president of the National White Slavery League, in an address before the Woodlawn Woman's club, "The Black Slavery of Our White Girls," strove to impress upon her audience the extent and horror of the traffic in women throughout the United States and Chicago's part therein.

EVIDENCE ACCUMULATES.

Government Presents Great Mass of It in Sugar Frauds Case.

New York, Dec. 2.—With the resumption of the trial of James F. Bismarck, Oliver Spitzer and four other employees of the American Sugar Refining company, charged with conspiracy to defraud, there was no indication that the government's counsel had come anywhere near exhausting their list of available witnesses.

On the contrary, the character of the evidence already given seemed to indicate that the government intended in the present action to probe deeper into occurrences of a series of years about the Williamsburg sugar docks than in any former legal proceeding. Further evidence to support the prosecution's charges that men in the sugar company's employ had been systematically defrauding the government out of duties on sugar was presented yesterday at the continuation of the trial before Judge Martin and a jury in the United States circuit court.

BONDSMAN CHASED HIM.

Barre Man Went Bail for Will Hackett, Who Disappeared.

Springfield, Dec. 2.—Deputy Sheriff H. J. Slayton of Barre was in Springfield yesterday, successful after a long search after one Will Hackett, who was wanted for a \$100,000 bond for statutory rape. Hackett, it seems, was under bail of \$500, which was furnished by P. M. Crowley of Barre. He had departed for parts unknown, and Mr. Slayton had followed him through various towns in Caledonia county, but without success. He then came to Charlestown, N. H., thence to Springfield, where upon investigation he found that a stranger had been engaged in out-of-door photography. Upon finding the man, he proved to be the one wanted, and he was placed under arrest at once. He was taken to Hyde Park to stand trial.

"PSHAW!" SAYS ROCKFELLER.

He Laughs at the Story that He Is Marked for Death.

New York, Dec. 2.—"Oh, pshaw, pshaw!" said John D. Rockefeller smilingly yesterday, when he was asked by a train from Cleveland, and was told that he had been marked for kidnapping or perhaps killing in his home city. The president of the Standard Oil company was accompanied here by his wife, who is quite ill.

"Why, there's nothing to that story at all," added Mr. Rockefeller. "It all seems to have started because I did not make a speech I had promised at the Euclid Avenue Baptist church in Cleveland. The condition of my wife's health prevented that, that's all. My wife is a very sick woman."

SHINES IN SOCIETY

Women with Fascinating Hair Always Attract Attention.

If you are a woman with dull, lifeless, ordinary hair, do not feel distressed. Just make up your mind now that you can have just as luxuriant and captivating a head of hair as any other woman, and quickly, too.

Just go to the Red Cross Pharmacy this very day and get a bottle of Parisian Sage. Use it as directed, and in two weeks your scalp will be free of dandruff, your hair will be soft, lustrous and beautiful.

If your hair is falling out, Parisian Sage will stop it. If your hair is thin, Parisian Sage will make it grow in heavily. If you have dandruff, it will quickly vanish when Parisian Sage is used.

It prevents hair from turning gray; stops itching scalp almost instantly; and is the ideal dressing for daily use.

A large bottle costs only 50 cents at the Red Cross Pharmacy or direct, to each charge prepaid, from the American makers, Giroux Mfg. Co., Buffalo, N. Y.

KAISER BACKS BERNSTORFF

VERY LITTLE COMFORT

For the Pan-German Enthusiasts—Official Organ of Government Comments—German Women Open Campaign for Suffrage.

Berlin, Dec. 2.—Commenting upon Count von Bernstorff's criticism of the Pan-Germanists in the speech which the German ambassador to the United States recently made at Philadelphia, the official Nord Deutsches Allgemeine Zeitung says:—

"While Chancellor von Bethmann-Hollweg recognizes the patriotic sentiments of the Pan-German politicians, he does not identify himself with their aims. We must, however, contradict the statement that he discovered the statements of Ambassador Bernstorff when he sounded a warning against the confounding of Pan-Germanic ideas which are detrimental to imperial interests, with the official policy of the empire. The speech of Count Bernstorff has given the chancellor no occasion for censuring the speaker."

GERMAN WOMEN FOR SUFFRAGE.

Start in by Asking Right to Vote for Labor Dispute Arbiters.

Berlin, Dec. 2.—Seven mass meetings of business women were held Tuesday night and passed resolutions demanding votes for women in connection with the election of the judges for the trade and commercial tribunals, which decide disputes between employers and employees. The tribunals are now composed of a professional jurist, as president; two employers and two employees, who are elected by the tradesmen and merchants.

BAR RED CROSS STAMPS.

Action Taken by Germany and Great Britain.

Washington, Dec. 2.—Great Britain has refused admission to her mails of letters and articles bearing the Red Cross stamps, which have been received by the Post Office Department, is not directed separately against the American charity stamps, but applies to articles bearing any kind of non-postage Christmas stamps or other adhesive charity stamp or label. The prohibition specifies also British South Africa.

A like prohibition is announced by Germany applicable to articles bearing such stamps upon the face, but it would not exclude Christmas gifts sent to Germany if so stamped on the back. The prohibition applies whether or not the articles carry the full legal amount of government postage stamps.

Letters and Christmas gifts for England, Ireland, Scotland and other countries named must not bear the Red Cross stamps or they will be returned to the sender if his name appears on the package or forwarded to the dead letter office at Washington if it does not. The Red Cross authorities will at once use all possible means to notify purchasers to exercise care not to attach the stamps to Christmas gifts going to the prohibited territory. The reason given for this unfortunate action is that the non-postage stamps are likely to be confused with government stamps and thus in some cases ensure the transmission of articles on which the full rate of postage has not been paid.

GRAFT WITNESS MISSING.

Gallagher of San Francisco Has Disappeared.

San Francisco, Dec. 2.—District Attorney William Langdon issued instructions to the police Tuesday night to use every effort to find James Gallagher, leader of the board of supervisors during the Schmitz-Russ administration in this city and star witness for the prosecution in the majority of the bribery-graft cases. Langdon stated that Gallagher, who was granted immunity because he had consented to tell of the transactions of the board, left his home in Oakland some time last week, and that he is believed to be hurrying to New York to sail for Europe. The missing witness is under subpoena to appear in the second trial of Patrick Calhoun, president of the United Railways, for alleged bribery of one of the Gallagher board, which trial is set for December 6. No reason for Gallagher's flight is given by the district attorney.

CHARGED WITH SELLING WOMAN.

Two Men Held for the Grand Jury in Buffalo, N. Y.

Buffalo, N. Y., Dec. 2.—Ernest Phillips of Akron and Edward Smith, a farmer near Lockport, were held for the grand jury Tuesday on a charge of violating the penal statute that prohibits the selling of a woman. Phillips' wife was found living in a barn with her child and declared her husband had sold her to Smith for \$1,800, and that Smith had turned her out.

NEW AEROPLANE RECORD.

Latham Rises to a Height of 1,600 Feet in Wind of Nearly 40 Miles an Hour.

Houmeion, France, Dec. 2.—Battling against a wind of nearly forty miles an hour, Hubert Latham, the French aviator, attained a height yesterday of between 475 and 500 meters (about 1,600 feet), beating the official world record.

WILLARD CO. REACHING OUT.

St. Albans Firm to Have Branch Plant in Swanton.

Swanton, Dec. 2.—The Willard Manufacturing Co. of St. Albans has rented the C. F. Smith three-story building on First street, formerly occupied by the Atwood Suspenders Co., and will use it as a branch to its St. Albans plant. It is expected work will begin soon.

DIRTY KIDNEYS ARE CAUSE OF BACKACHE

A Few Doses Clean and Regulate the Kidneys, Ending Lame Back and Bladder Misery.

If you take several doses of Pape's Diuretic, all backaches and distress from out-of-order kidneys or bladder trouble will vanish, and you will feel fine. Lame back, painful stitches, rheumatism, nervous headache, dizziness, irritability, sleeplessness, inflamed or swollen eyelids, worn out, sick feeling and other symptoms of sluggish, inactive kidneys disappear.

Uncontrollable, smarting, frequent urination (especially at night) and all bladder misery ends.

This unusual preparation goes at once to the disordered kidneys, bladder and urinary system and distributes its healing, cleansing and vitalizing influence directly upon the organs and glands affected, and completes the cure before you realize it.

The moment you suspect any kidney or urinary disorder or feel rheumatic pains, begin taking this harmless medicine, with the knowledge that there is no farz and at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape of Chelmsford is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few doses treatment means clean, active, healthy kidneys, bladder and urinary organs—and no backache.

Accept only Pape's Diuretic—fifty-cent treatment—any drug store—anywhere in the world.

PROVIDENCE WANTS GRAND TRUNK

Its Efforts to Get an Entrance to the City Indorsed by Board of Trade.

Providence R. I., Dec. 2.—Indorsement of the Grand Trunk railroad's effort to get an entrance to the city of Providence was given by the board of trade's executive council Tuesday. The council unanimously adopted a resolution formally stating that it recognized the advantages that such an entrance would tend to bring to the shippers of Providence and adjacent territory.

The president of the board of trade was authorized to appoint a special committee to investigate the status of the Grand Trunk's present plans to report later. The personnel of the committee was not announced.

The project of holding a Rhode Island industrial exposition in this city next September while the Atlantic oceanic warways convention is in session here was discussed at some length, and the council authorized the calling of a conference of the leading officials and manufacturers of the state to consider the matter.

LAW ON DEER OFF IN N. H.

Huntings Begins in Seven of the Ten Counties.

Concord, N. H., Dec. 2.—The open season on deer began yesterday in seven of the ten counties in New Hampshire, to continue fifteen days. In the three northern counties, a longer period is allowed for the killing of this game. It is lawful to shoot deer in Coos county during the months of October and November, while in Grafton and Carroll counties the season opened on Nov. 1, and will close on Dec. 15. The deer are said to be very plentiful.

Millions of Lives Lost

An Awful Toll Collected by Consumption—Many Unnecessary Deaths from This Disease.

If people could only understand that catarrh is an internal disease that external applications cannot cure, they would not need to be warned so often about this malady, which, when neglected, proves the way oftentimes for consumption, at the cost of millions of lives every year. Yet catarrh may be cured, if the right treatment is employed.

Catarrh is caused by a general diseased state of the system, which leads commonly to annoying and perhaps serious local conditions, which may prove a fertile breeding ground for germs of consumption. External remedies give but temporary ease.

The only way to successfully treat catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system, so that the mucous membrane or internal lining of the body is toned up and made capable of resisting the infection of emulsion and other diseases.

We have a remedy prepared from the prescription of a physician who for thirty years studied and made catarrh a specialty, and whose record was a patient restored to health in every case where his treatment was followed as prescribed. That remedy is Rexall Muc-Tone. We are so positive that it will completely overcome catarrh in all its various forms, whether acute or chronic, that we promise to return every penny paid us for the medicine in every case where it fails or for any reason does not satisfy the patient.

We want you to try Rexall Muc-Tone on our recommendation and guarantee. We are right here where you live, and you do not contract any obligation or risk when you try Rexall Muc-Tone on our guarantee. We have Rexall Muc-Tone in two sizes, 50 cents and \$1.00. Very often the taking of one 50-cent bottle is sufficient to make a marked impression upon the case. Of course, in chronic cases a longer treatment is necessary. The average in such instances is three \$1.00 bottles. Remember, you can obtain Rexall remedies in Barre only at our store—The Rexall Store. The Red Cross Pharmacy, Bort B. Wells, proprietor.
